REQUEST FOR PROPOSAL – PROVISION OF MAINTENANCE OF TYRES FOR TSHWANE RAPID TRANSIT (PTY) LTD - DEPOT

1. PURPOSE OF THE REQUEST FOR PROPOSAL (“RFP”)

To source a suitable tyre company for Tshwane Rapid Transit (Pty) Ltd to perform maintenance of tyres

All prospective tenderers who intend to participate in this RFP are bound by obligations of confidentiality with respect to all aspects of this RFP. The acceptance by TRT of a tenderer’s proposal to this RFP shall not, under any circumstances, constitute a binding agreement between TRT and that tenderer.

2. BACKGROUND INFORMATION

TRT is a corporate legal entity established in terms of the Companies Act 71 of 2008 (as amended), responsible for the bus operations services within the City of Tshwane (“COT”) and surrounds.

TRT is going to the market to appoint suitable service provider/s for tyre maintenance. Tenderers must demonstrate that they have the ability to meet TRT’s requirements through comprehensive proposals as well as proof that they have managed such services in the past.

3. SCOPE OF THE RFP

SCOPE OF WORK

- Management for proposals based on a CPK (cost per kilometre), below is a total tyre and management system.
- TRT operates a BRT (bus rapid transit) operation within the city of Tshwane and a commuter operation in Mamelodi area on temporary basis.
- TRT can decide to combine the bid or decide on a split contract between the two operations.
- The BRT operation average kilometres per month is 186 000.
- The Commuter (Mamelodi) average kilometres per month is 182 000
- supply bus re-treads and new tyres to TRT fleet of 62 buses for BRT operation

- supply bus re-treads and new tyres to TRT fleet of 52 buses for Commuter operation (Mamelodi).
- Management of all bus tyre related services for the duration of the contract.
- Conduct initial audit of thread depth and maintain it.
- Conduct end of contract audit and compare with initial audit to determine variance and cost payable to either party.
- Both incoming and outgoing parties should counter sign on the stock thread depth sheets.
- Provision of bus tyre maintenance for the fleet of TRT buses with the aim to extend Tyre life, minimize Tyre costs, Tyre damages and Tyre related roadside breakdowns.
- Conduct tyre inspections and daily surveys on all rolling wheels on TRT Fleet.
- Provide daily inspection/survey reports to TRT.
- Conduct tyre rotation on a required basis as agreed.
- Conduct wheel alignment periodically as per Maintenance policy (2000 KMS or on monthly basis)
- Record and brand each individual tyre with a unique serial number for tracing and tracking purposes
- Separate monthly reports for each operation to be submitted on all activities including tyre life.
- Manage, track and report on the performance of each tyre installed or selected tyre sets. Indicate in your proposal the expected performance per axle per make of tyres to be used in the fleet and the proposed CPK rate. for that axle
- Front Axle- use new tyres
- Drive Axle- use re-treads tyres
- During start of the contract, the successful bidder is expected to consult TRT before implementing any tyre replacement programme.
- Indicate wear pattern in your proposal in km/mm. TRT policy is that of tyres removed at 4mm. Any service provider found running tyres below 4 mm will be liable for immediate termination of the contract without any recourse to TRT.
- Manage tyre casing to maintain good quality rethreads and highlight the casing circulation process.

- Management of the workshop as per occupational health and safety act and within all legislation governing the Labour Act.
- Indicate your staff compliment of 1 Supervisor and 2 Tyre fitters for BRT Operation
- Indicate your staff compliment of 1 Supervisor and 2 Tyre fitters for Commuter(Mamelodi) Operation
- The service provider must have or set up breakdown teams to service the TRT fleet.
- All breakdowns are to be recovered within 30 minutes of being reported
- The agreed brand of tyre shall be the only one allowed.
- Bidders are required to provide the names of the tyre brands which they have used for quoting.
- TRT operates daily from 04h00 in the morning to 22h00 o'clock at night, Monday to Sunday.
- Service provider shall install and maintain metal wheel nuts security mechanism agreed upon with the company. (Wheellocks)
- The successful bidder will be required to subcontract a minimum of 30% of the contract to TAOI (Tshwane Affected Operators Investment). This must be factored into the proposal.

There must be separate pricing proposals for Commuter (Mamelodi) operation and BRT Operation.

The proposals shall indicate the cost per kilometre breakdowns with the following as sub headings (not inclusive) for both BRT and Commuter (Mamelodi) operations:
